The Bureau of Minerals and Petroleum (BMP) handles all aspects of applications for exploration or exploitation licences in Greenland. The BMP is a one-stop-shop authority that makes it unnecessary for applicants to contact other departments within the Government of Greenland. For further information please visit [www.bmp.gl](http://www.bmp.gl)

The BMP is pleased to welcome conference attendees to the Conference Sundowner for a relaxed get together immediately following the conclusion of the Greenland Day conference. This event will be held in the courtyard directly behind the conference room and will provide you with the opportunity to network with fellow industry colleagues, media and investors.

## MEDIA INFORMATION:

The Bureau of Minerals and Petroleum welcomes all media to attend Greenland Day. Registration is provided to the media free of charge. Meals and refreshments will be made available along with broadband internet access throughout the day of the conference. Media wishing to attend are asked to pre-register prior to the event.
