Zinc Limited

PDAC 2020

DISCLAIMER

FORWARD LOOKING STATEMENTS

The following information is not intended to guide any investment decisions in Ironbark Zinc Limited.

This material contains certain forecasts and forward-looking information, including possible or assumed future performance, costs, production levels or rates, reserves and resources, prices and valuations and industry growth and other trends. Such forecasts and information are not a guarantee of future performance and involve many risks and uncertainties, as well as other factors. Actual results and developments may differ materially from those implied or expressed by these statements and are dependent on a variety of factors.

The Citronen zinc project is considered to be at an early development stage and will require further regulatory approvals and securing of finance and there is no certainty that these will occur. Nothing in this material should be construed as either an offer to seek a solicitation or as an offer to buy or sell Ironbark securities. Consideration of the technical and financial factors requires skilled analysis and understanding of their context.

JORC CODE COMPLIANCE AND COMPETENT PERSON STATEMENT & DISCLOSURE

Competent Person Statement

The information included in this report relates to Exploration Targets, Exploration Results & Mineral Resources based on information compiled or reviewed by Ms Elizabeth Clare Laursen (B. ESc (Hons.), MAIG, MSEG, GradDipAppFin), an employee of Ironbark Zinc Limited. Ms Laursen has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity which is being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Targets, Exploration Results, Mineral Resources. Ms Laursen consents to the inclusion in the report of the matters based on this information in the form and context in which it appears.

Competent Persons Disclosure

Ms Laursen is an employee of Ironbark Zinc Limited and currently holds securities in the company.

Cautionary Statement

Ironbark has concluded it has reasonable basis for providing the forward-looking statements included in this presentation. The detailed reasons for that conclusion are outlined throughout this presentation. This announcement has been prepared in accordance with the JORC Code (2012) and the ASX Listing Rules.

The Company believes there is a reasonable basis for the production targets and the forecast financial information and income-based valuation derived from those production targets provided in this document based on the detailed reasons and material assumptions which are outlined throughout the ASX announcement dated 12 September 2017 titled Feasibility Study Update.

Ironbark is not aware of any new information or data that materially affects the information included in this ASX release, and Ironbark confirms that, to the best of its knowledge, all material assumptions and technical parameters underpinning the estimates in this release continue to apply and have not materially changed.

INVESTMENT RATIONALE

- ❑ 100% owner of Citronen Base Metals Project, Greenland
 - World class asset; top 10 undeveloped zinc assets
 - Offers rare scale and grade combination with long life
 - 30-year mining lease granted in 2016
- ❑ Greenland under appreciated as an investment destination
- ❑ Glencore, global diversified natural resources firm, and Nyrstar, a leading metals processing business, together own 15% of IBG
 - 70% Offtake also pre-sold to Glencore and Nyrstar
- ❑ Substantially discounted to listed base metal peers
- ❑ Company also owns suite of Australian exploration tenements

CORPORATE OVERVIEW

Major Shareholders

■ Danny Segman ■ Nyrstar ■ Glencore ■ Other

Board of Directors

Dr. Fred Hess, Non-Executive Chairman
Ex MD PanAust, Metallurgist

Michael Jardine, Managing Director
Corporate Finance Executive

Danny Segman, Non-Executive Director
Investment Executive

Maciej Sciazko, Non-Executive Director
Nyrstar, Mining Engineer

GREENLAND: HUNGRY FOR INVESTMENT

- ❑ Self governing territory within Kingdom of Denmark, strategically located between Europe and North America
- ❑ Population 57,000
- ❑ GDP USD2.7Bn, exports highly dependent on fishing
- ❑ Investor friendly jurisdiction (profits, ownership, import duties, FX controls, taxation)
- ❑ Number of historic Zn-Pb mines in country
- ❑ Government strongly pro development, multiple resource companies actively pursuing developments in country

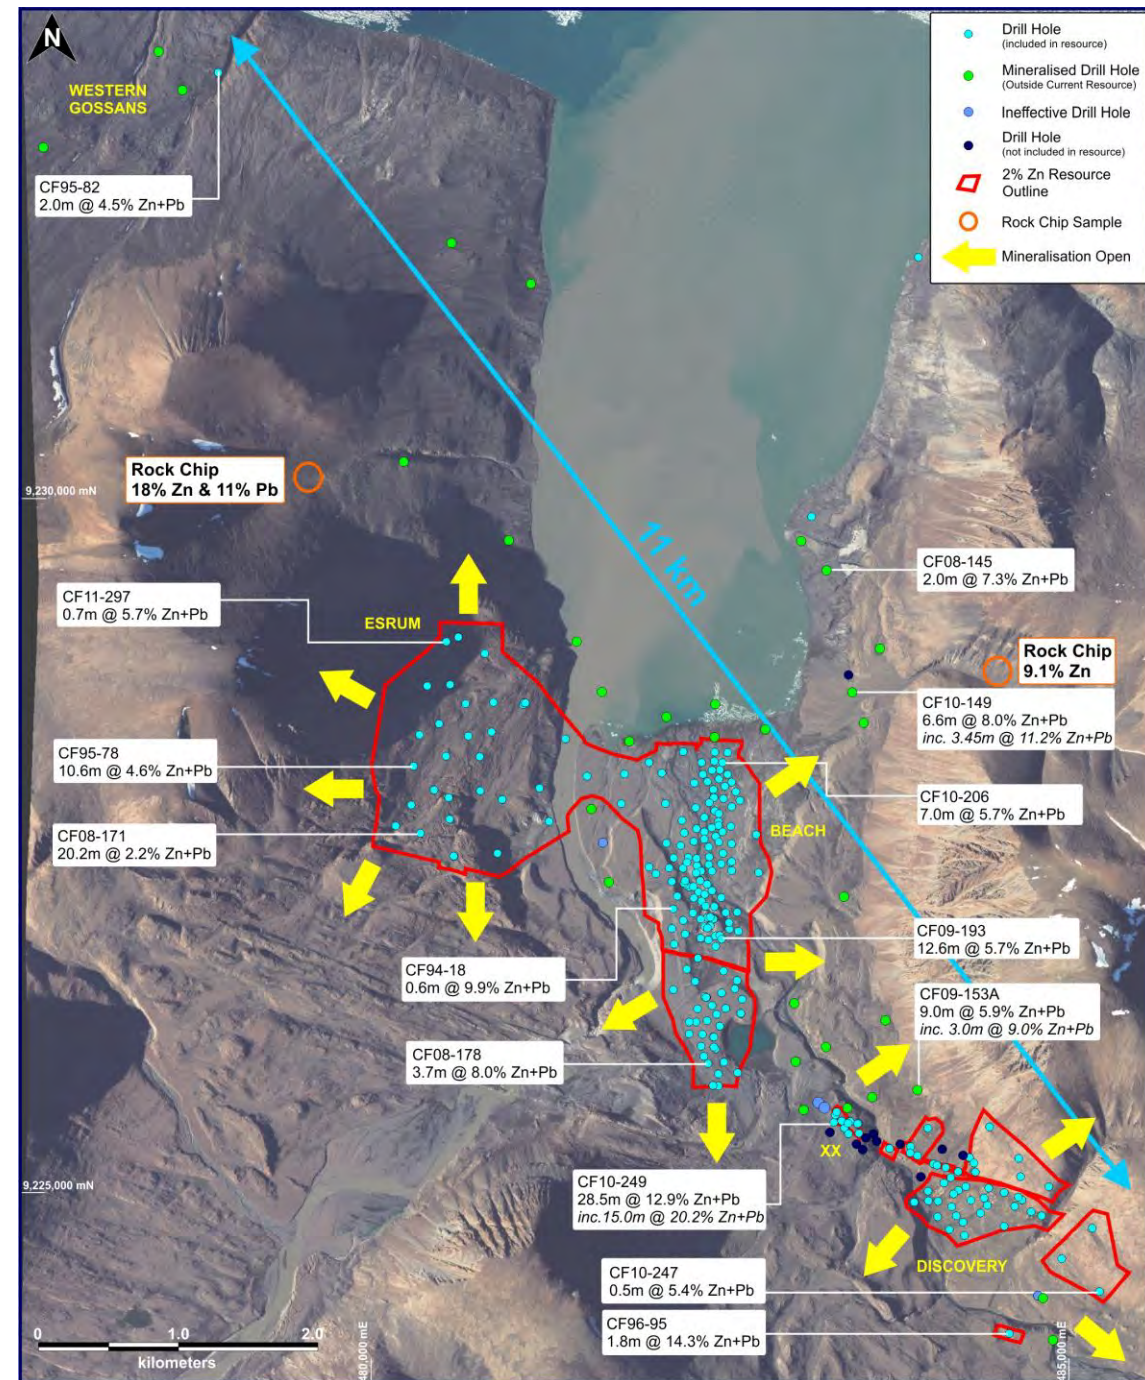

CITRONEN PROJECT LOCATION

CITRONEN: JEWEL IN THE CROWN

- ❑ Open in almost all directions; 67k metres of diamond drilling, 73% holes hit minimum 2m @ 3.5% Zn
- ❑ Shallow, simple mining (Sedex deposit)
- ❑ Standard processing, clean concentrate
- ❑ Of 18Mt @ 8.24% Zn&Pb %, 14Mt in Measured & Indicated
 - High grade zone inside significantly larger Resource (132Mt @ 4.5% Zn & Pb%), with **significant potential for further regional exploration**
- ❑ Strike length current resource 6.5 km, but system mineralised over 11km and still open
- ❑ Many geophysical, geochemical and structural targets remain untested

1. * Private company

2. Excludes large projects: Project Selwyn, Canada (contained resource: 20.5Mt Zn, 4.8% Zn) and Project Mehdiabad, Iran (contained resource: 16.5Mt Zn, 3.5% Zn)

WHY ZINC

- ❑ Spot Zn price/TC ratio underperforming long term averages
- ❑ BFS shows Citronen viable at today's prices, significant leverage to improving Zn price
- ❑ Tier 1 Zinc Offtakers highlights Project quality
- ❑ Undervalued, low risk option on future Zn demand

Zinc Consumption by Country⁽¹⁾

CITRONEN: OPTIMISING FOR 2020

1	<ul style="list-style-type: none">• 3rd party review validated excellent historic exploration work• Confirmed Citronen is one of the worlds largest undeveloped Zn-Pb deposits	
2	<ul style="list-style-type: none">• Work underway to refresh mine plan• Targeting improved efficiencies and technological advances	
3	<ul style="list-style-type: none">• Maiden JORC 2012 Ore Reserve Statement to be completed	
4	<ul style="list-style-type: none">• Updated mine plan likely to be followed by revised processing plan	
5	<ul style="list-style-type: none">• Board strongly focused on finalising all pre-FID permit in country H1 2020	

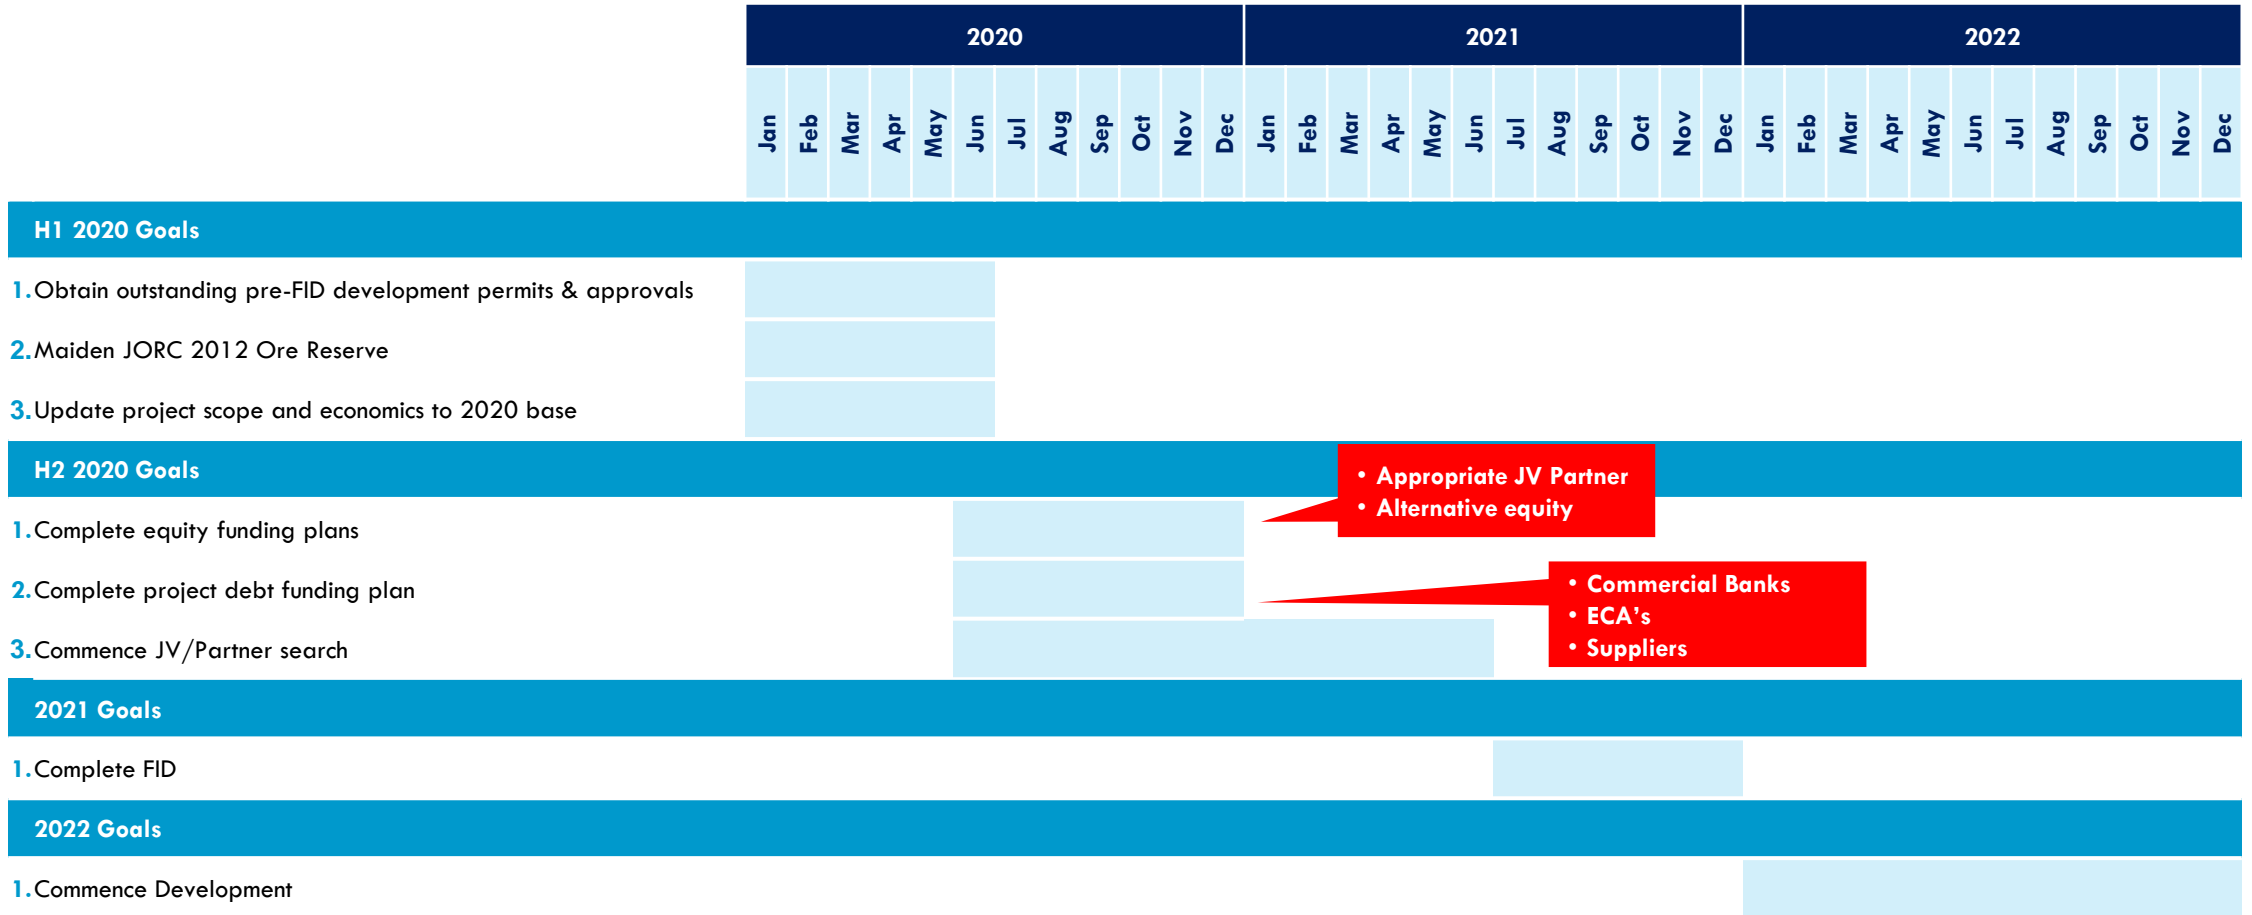

ESG CREDENTIALS

- ❑ Citronen exploration work to date fully covered by cash bond in country
- ❑ New mine plan investigating return of tailings to underground voids, minimising waste on surface
- ❑ IBG currently working with major EU based wind providers on alternative power solution
- ❑ Company in discussions with Government of Greenland on finding solution to Heavy Fuel Oil (HFO) usage in the Arctic
- ❑ Pathway to meet in country employment targets agreed
- ❑ Once complete, Citronen largest Zn mine operating under EU standards

CONCLUSION

- ❑ 100% owner of Citronen Base Metals Project, Greenland
 - World class asset in the top 10 undeveloped zinc assets
 - Offers rare scale and grade combination with long life
 - 30-year mining lease granted in 2016
- ❑ Greenland under appreciated as an investment destination
- ❑ Glencore, global diversified natural resources firm, and Nyrstar, a leading metals processing business, together own 15% of IBG
 - 70% Offtake also pre-sold to Glencore and Nyrstar
- ❑ Substantially discounted to listed base metal peers
- ❑ Company also owns suite of Australian exploration tenements
